“ I had the honor of taking care of you for over 8 years. You are family to me and I will miss you every single day. You always made me smile when you would tell me "You're wearing my favorite shirt tonight" You always loved when I would wear my Disney scrub tops and I wore them just for you because I knew that it would make your day.

“ It was such a honor to work with such a kind woman like you. I'll cherish all the good we had the 2+ years we spent together at nights. I'll never forget me taking all of you for drives to get ice cream or just going out to the balloon festival on night shift to get out of the house spending time with you all and doing what we could as a small group was something we all enjoyed to do when we could. I loved it when you called me baby girl! RIP beautiful angel! I'll always hold you close to me. Love & miss you so much! Vonda
